

OFFICIAL'S PERSONAL PERFORMANCE RECORD

USA Water Ski Member # _____ Official's
Rating _____

Full Name _____

Address _____

City/State/Zip _____

Area Code & Phone Number _____

This is your personal record of work performed at USA Water Ski-sanctioned tournaments and clinics. At the conclusion of each event, please complete it carefully and accurately and have it signed by the Chief Official or Clinic Instructor so that it correctly reflects what is entered on the Scorebook's Tournament Officials' Record or Clinic Registration Form. Use a separate line or performance record for each rating type (i.e., judging, scoring, etc.). Be sure to verify that your work is also accurately entered on the Scorebook's Tournament Officials' Record Sheet. Refer to the Officials' Development Program Description and Quantitative Requirements sheet for further information.

Upon renewal of your USA Water Ski "Active" membership, your rating will automatically be renewed each year and printed on a separate official's record card provided you have met the established maintenance criteria.

Once you have completed all the quantitative requirements for upgrade to the next rating and have allowed sufficient time for your most recent work to be recorded at USA Water Ski Headquarters, please send your written request for upgrade and a copy of this performance record to the Competition Department for verification. USA Water Ski will then assist you in initiating the next step.
