

To use the kit, select your sport division at the main menu. You will then be brought to a list of all the documents usually included in an originals-only paper tournament kit.

1. Simply click on the file you need and print however many copies are required. When you click your selection will be highlighted

2. When you are done printing a specific file, to return to your sport division's main document list, just close the file you are currently viewing by clicking the lower of the 2 X's in the upper right hand corner.

3. Multi-page files will not automatically return to the division's main document. You will need to hit the back button (shown) until you return to the file. You may also close the document you are viewing and re-select your sport division at the main menu.

NOTE: Some files are linked to the internet. This will be shown by a cursor with a small W next to the finger. These pages take a slightly longer time to load. You only need to click once, and wait several seconds. Before clicking these links, make sure you are connected to the internet.
