Instructions: The following applicable blanks must be completed and signed by the Chief Driver of the tournament in which the experience was completed for each event for which you are making application. All of the work must be performed during USA Water Ski-sanctioned AWSA tournaments unless otherwise noted. Signatures on outdated applications will be accepted for requirements on the current form if the old form is attached to this application. Upon completion of both sides of this application, take this application to a USA Water Ski-sanctioned AWSA Drivers' Clinic. You should retain a copy of this application for your records. At the clinic you will be given written and on-water evaluations of your driving skills. Upon successful completion of the clinic, you will be awarded an Assistant Driver's rating by the Clinic Instructor who will issue you a temporary wallet card so you may begin working at your new rating level immediately. The Clinic Instructor will forward your original application and supporting documents to USA Water Ski's Competition Department. If you are filing for a one- or two-event rating, your application will be returned to you once your rating is approved along with current officials' program information. You should continue to complete the same application when working on other events.

Attention Chief Drivers: Please be discriminating. AWSA cannot maintain a high standard of drivers' qualifications unless you assume the responsibility of refusing to approve any but exceptionally qualified applicants.
