Design a Test: List the characteristics of a productive compost pile that all teams agree upon.

Do an Activity: After all of the needed materials have been collected, you will build your compost pile.

Make Some Sense of It:

- 1) Review your Thinksheet and Data Sheet(s).
- 2) Explain what you learned about composting below. Include three or more of the following words in your response: decompose, nitrogen, humus, temperature, moisture, air.
