

Instructions for Most of the Universe is Missing Video and MA Assignment.

- Go to MA and open the assignment: Most of the Universe is Missing Video. There is no preliminary question with this assignment.
- On the Calendar, click on the video title which will take you to a documentary site to watch the video. Open the first question on the MA assignment, and as you watch the video, you'll find the answer. Do this for the rest of the questions until you get to the end of the video.
- Note, if the documentary site does not work, try the Backup Link; although, this site can't support too many simultaneous users and might freeze up.
- **You should watch the video and complete the assignment by class time on Wednesday 4/6.**
- **Last, if the links to the video don't work, please notify Dr. Alexander (alexansg@miamioh.edu).**
