

Instructions for Brian Green's Quantum Leap Video and MP Assignment.

- Go to MP and open the assignment: [Video: Brian Green's Quantum Leap](#). Answer the first question.
- On the Calendar, click on the video title which will take you to the NOVA site to watch the video. Open the second question on the MP assignment, and as you watch the video, you'll find the answer. Do this for the rest of the questions until you get to the end of the video.
- Note, if the NOVA site does not work, try the Backup Link; although, this site can't support too many simultaneous users and might freeze up.
- **You should watch the video and complete the assignment by class time on Monday 12/1**
- **Last, if the links to the video don't work, please notify Dr. Alexander (alexansg@miamioh.edu).**
- *Oh yeah, one more instruction: have some good snacks handy and maybe watch the video with some friends – enjoy!*
