

## Additional Information on Tree Presentations

ALL Tree Presentation Brochures as pdf documents must be turned in to TurningPoint by 9 AM on Wednesday, September 19.

After you have created your Brochure, create a pdf file of it.

Name your File as "Genus\_SpecificEpithet.pdf" using the species name that you will be presenting.

Go to the Assignments Resource in Niihki to turn in your pdf file as an attachment.

After you submit your attachment pdf file, you will receive two emails:

1. Email notification for assignment submission  
Niihka [no-reply@niihka.muohio.edu]

Several minutes later .....

2. This is your Turnitin Digital Receipt  
Turnitin No Reply [noreply@turnitin.com]

Several hours later .....

the Turnitin Report should appear in association with your assignment. *If the report indicates a similarity index that is higher than 20% you would be well advised to delete your submission, rewrite it, and resubmit it. If you don't do this I may be forced to pursue Academic Dishonesty Action, which I don't want to do, but will do, none-the-less, in the case of unusually high similarity indices. If you opt to resubmit, this MUST be done before the Due Date = 9 AM on Wednesday, September 19!*

I will prepare a html table containing links to all the Tree Presentation Brochures, so that they are viewable (and printable, if you want hard copies).

The following Table contains details with regard to the date your Tree Presentation is scheduled. The order in this presentation table is designed to maximize our time at the trees, and minimize the walking time between trees. Be prepared to make your presentation outside, beside your tree species on the date and order indicated in the table.

	<b>CAMPUS WALK</b>	<b>TREE</b>	<b>STUDENT</b>	<b>Presentation Date</b>
1	Central (2)	Flowering Dogwood	McCane, Kevin	Sept 19
2	Central (5)	Shellbark Hickory	Simpson, Haley	Sept 19
3	Central (8)	Shumard Oak	Fitzhugh, Erin	Sept 19
4	Central (14)	Redbud	Taylor, Jessica	Sept 19
5	Central (21)	Black Walnut	Daniels, Emily	Sept 19
